EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

- Change the title to –Method and Apparatus for Object Recognition Using a Plurality of Cameras and Databases--

Allowable Subject Matter

2. Claims 26, 27, 29-31, 33-35, and 37 are allowed.

3. The following is an examiner's statement of reasons for allowance:

As discussed in the interview summary and argued by the applicant in the after-final amendment, the instant amendment has given the claims a tighter nexus between the different conditions and the plurality of databases. As such, this limitation—in combination with the remaining limitations of the respective independent claims—is not taught by the cited combination of Laumeyer (USPN 6,266,442) and Norimasa (JP 11-78692).

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
